This Agreement is made and entered into this 1st day of September, 2024 by and between the Board of Education of the Kalkaska Public Schools (hereinafter referred to as the Board), and the Northern Michigan Education Association, MEA/NEA (hereinafter referred to as the Association), representing Kalkaska Education Association Employees.

SECTION 1.2: RECOGNITION

1. The Board hereby recognizes the Northern Michigan Education Association, MEA/NEA as the exclusive bargaining representative, pursuant to and in accordance with all applicable provisions of the Public Employment Relations Act 336 of the Public Acts of 1947, as amended, and as defined in Section 11 of Act 379, Public Acts of 1965, for all certified teaching personnel and temporarily emergency certified teaching personnel utilized under Board Policy 3120, as revised August 19, 2019, excluding non-contractual substitute teachers, the superintendent, administrative assistant, principals, and those to be employed in the superintendent's office.
2. Unless otherwise indicated, the term "teachers" as used herein shall refer to all employees in the unit for bargaining as defined above.

SECTION 1.3: WITNESSETH

WHEREAS, certain understandings have been reached which the Board and the Association desire to incorporate into a written collective bargaining agreement,

NOW THEREFORE, in consideration of the following mutual covenants, it is hereby agreed as follows:

SECTION 1.4: EXTENT OF AGREEMENT

1. This Agreement shall constitute the full and complete commitments between both parties and may be altered, changed, added to, deleted from, or modified only through the voluntary, mutual consent of the parties in written and signed amendment to this Agreement.
2. If any provisions of this Agreement, or any application of the Agreement to any teacher or group of teachers, should be found contrary to law by a court of last resort of competent jurisdiction from whose final judgment or decree no appeal has been taken within the time provided for doing so, or to any rule or regulation of the State Department of Education from which rule or regulation has been taken within the time provided for doing so, then said provision or application shall be deemed invalid, except to the extent permitted by law, but all other provisions hereof shall continue in full force and effect. The Association and the Board will meet to bring this Agreement into compliance with the new ruling or regulation.
3. The parties acknowledge that during negotiations which resulted in the Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject matter not removed by law from the area of collective bargaining, and the understanding and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the Board and the Association, for the life of this Agreement, each voluntarily and unqualifiedly, waive the right, and each agree that the other shall not be obligated to bargain collectively with regard to any subject or matter not specifically referred to or covered in this Agreement, even though such subjects or matters may not have been within the knowledge or contemplation of either or both parties at the time that they negotiated or signed this Agreement.
4. No employee will be discriminated against so as to limit, segregate, or classify said person in any way that tends to deprive any individual of employment opportunities or adversely affect their employment status (firing, compensation, terms, conditions) because of their race, color, religion, sex, sexual orientation, gender identification, national origin, marital status, or membership (or non-membership) in, or participation in (or refraining from participation in) the activities of the Association.

SECTION 1.5: DURATION OF AGREEMENT

1. This Agreement shall be effective as of September 1, 2024, and shall continue in effect until August 31, 2027. The parties will begin negotiations for a successor agreement no later than February 2027.
2. The parties further agree that prior to the contract expiration date; either party may, upon written notice, open negotiations on the successor agreement.
3. If, pursuant to such negotiations, an agreement on the renewal or modification is not reached prior to the expiration date, this Agreement shall expire at such expiration date unless it is extended for a specific period or periods by mutual written agreement of the parties.

SECTION 2.1: TEACHER PLACEMENT

1. The superintendent shall be responsible for the proper assignment and transfer of all professional staff members and shall attempt to affect the optimum assignment of the professional staff in conformance with any applicable contractual or legal requirements, state certification requirements, and federal requirements.
2. Any teacher who shall be transferred to an administrative position with the Employer and shall later return to a teacher's status shall be entitled to retain all seniority as he/she may have had under this Agreement prior to such transfer to supervisory or executive status. If at any time said employee should return to an Association position, he/she shall retain his/her bargaining unit salary schedule credit and seniority at the level he/she would have had if he/she had not left the Association for a supervisory role within the district. The administrator shall retain his/her bargaining unit salary schedule credit at the level he/she would have had if he/she had not left the bargaining unit.
3. A vacancy is defined as a bargaining unit position previously held by a bargaining unit member or a newly created bargaining unit position that the District intends to fill.

4. Transfers-

Involuntary transfers shall not be made except for valid administrative reasons. Involuntary transfers shall be for a reason that is not arbitrary or capricious.

The superintendent, or his/her designated representative, shall consider the bargaining unit employee's preference requested, but may deny transfer if, in his/her opinion, it is in the best interest of the students, teacher, and district.

- a. Related experience,
- b. Competency,
- c. Qualifications of the applicant,
- d. Training/professional development,
- e. Evaluation ratings,
- f. Length of service.

5. Reductions in Personnel, Seniority, and Recall-

a. Once individual contracts are signed by the staff in the fall of the school year, no layoffs will take place for the rest of the school year unless the Superintendent or the Board determine that a layoff is necessary to maintain effective District operations.

b. In the event a reduction of staff is necessary, the following shall be applied:

i. Prior to initiating any layoffs, the District shall send an email to all teaching staff, soliciting “volunteer” layoffs from anyone in areas which are affected by program cuts.

ii. Layoffs will be made in accordance with the law unless the following section is deemed acceptable due to future changes in the law.

iii. Whenever possible, normal attrition shall be used. That is, teachers who resign shall not be replaced, or the position shall be filled from within the District, first by those persons laid off or slated for layoff who are certified and qualified, and then from others within the District if there are qualified teachers available in the District.

Should a position be eliminated, the District shall place the bargaining unit member whose position was eliminated into the next available position for which the bargaining unit member is qualified and certified. The District will not be required to restructure teaching positions.

iv. When a bargaining unit member is laid off or displaced, they will be offered the next available position for which they are qualified and certified for one (1) year from the date of layoff. At the expiration of one year, the right to the next position is no longer guaranteed.

v. The criteria used to identify those teachers who will be laid off shall be:

1. Teacher effectiveness as measured by the teacher’s three (3) previous evaluations.

2. Teacher training or participation in professional development.

3. Certification and qualification. [Qualification shall be defined as meeting the requirements of the appropriate accreditation agency (i.e. the State of Michigan).]

4. Discipline, if any.

5. Concerning attendance not related to extenuating circumstances.

6. Teaching experience in the grade-level or subject-area:
 - A. K – 8
 - B. 7 - 12

 - d. Teachers who are laid off shall be called back using the factors outlined in Section 2.1.5(a)v. to fill a vacant position. When a teacher is notified of a vacant position via email, he/she shall have five (5) working days from the receipt of notification to indicate his/her desire to accept the position. Failure to accept a vacancy within five (5) days of notification shall result in loss of all seniority rights.

SECTION 2.2: RESIGNATIONS

1. To avoid the possibility of losing his/her tenure, a teacher shall discontinue his/her service with the Board of Education only by mutual consent after July 1st. Written notice shall be given to the Board of Education at least sixty (60) days before the start of the ensuing school year. This resignation shall be acted upon at the regular meeting of the Board of Education.

SECTION 2.3: TEACHER EVALUATION

The Board of Education, through the powers derived from the School Code and other relevant statutes, is responsible for the employment and discharge of all personnel. To carry out this responsibility, with involvement of professional staff, the Board delegates to the Superintendent the function of establishing and implementing a performance evaluation system that aligns with current evaluation laws.

1. The formal year-end evaluation reports of teachers shall be the responsibility of the administration. Teachers shall be evaluated by a qualified principal, assistant principal, or an administrator who is their immediate supervisor, unless an exception is agreed upon by the administration and Association.
2. Teachers will receive performance goals through an Individualized Development Plan (IDP). Teachers with questions or who request training regarding the growth plan, evaluation tool, and timelines, may schedule a meeting with the evaluator. The evaluation and growth plan tools shall be posted to the District's online evaluation platform.
 - a. As provided for in Section 1526 of the School Code of 1976, the IDP for probationary teachers shall include participation in a minimum of fifteen (15) days of in-service and/or other similar type of training programs (including programs offered by university-linked professional development schools and/or regional seminars). The District shall pay all costs incurred, and provide release of time without loss of pay to the teacher to attend the training.
 - b. For probationary teachers rated 'Developing' (formerly 'Minimally Effective') or 'Needing Support' (formerly 'Ineffective'), the administration shall meet with the teacher and their mentor teacher, or a representative of the Association to review the teacher's IDP. The IDP shall set forth with specificity the goals to be met by the teacher during the school year, and the actions to be taken by the teacher in reaching those goals. The goals and actions to be followed by the teacher must be consistent with the criteria for evaluation tools. The goals and actions required shall be finalized in written form and signed by the administrator and the teacher.
3. The written year-end evaluation report shall contain areas of performance where concerns are shown or improvement required, with a timeline established and specific recommendations for improvement provided. Goals accomplished and new goals established shall be designated. The evaluation will conclude with a rating of job performance using categories of 'Effective', 'Developing', or 'Needing Support'.
4. Beginning in the 2024-25 school year, twenty percent (20%) of the year-end evaluation must be based on student growth and assessment data, or student learning objective (SLO) metrics. The district will use data from a local building-wide assessment that can produce an aggregate score or the teacher's individual data from the same assessment, if higher, to determine the 20%.

5. The parties agree that the teacher evaluation procedure shall provide for informal opportunities for the evaluator to document the teaching performance, in addition to the scheduled formal classroom observation(s). Within ten (10) school days of an informal observation, the teacher and administrator shall schedule a meeting to discuss the observation. If an attempt has been made to schedule the meeting, but unforeseen circumstances intervene, the meeting time should be rescheduled within a reasonable time outside the 10 days. If the teacher is both tenured and 'Effective', and both parties agree that a meeting is not necessary, this meeting can be waived. Following formal observations, informal observations, or walkthroughs, teachers must schedule a meeting with the evaluator to discuss these observations.
6. Any observation report used toward a teacher's mid-year or final evaluation shall contain positive comments, constructive criticism and/or suggestions for improvement or growth. It shall include a review of the lesson plan, state curriculum standards being taught, and student engagement in the lesson. If an administrator believes a teacher is deficient, or there is an unsatisfactory performance of assigned duties, the reasons therefore shall be set forth in specific terms as shall the specific ways in which the teacher is to improve. The observation report may include the assistance to be given by the administrator and other staff members.
7. Following the meeting scheduled to debrief an observation, the Administrator shall prepare a written summary of the observation.
8. All tenure teachers rated 'Effective' (or higher) for three (3) consecutive evaluations shall be evaluated at least every three (3) years.
9. All tenure teachers rated 'Effective' (or higher) for three (3) consecutive evaluations shall be evaluated on the classroom teaching process by using at least fifteen (15) minutes of classroom observation.
10. The parties agree that it is the duty of the Administration to evaluate probationary teachers, and teachers rated 'Developing' (formerly 'Minimally Effective') or 'Needing Support' (formerly 'Ineffective') under a procedure which will provide them a statement of goals for each year, identify areas of concern, and provide appropriate and specific techniques and/or resources for the improvement of performance.
11. Probationary teachers and teachers rated 'Developing' (formerly 'Minimally Effective') or 'Needing Support' (formerly 'Ineffective') shall receive a written mid-year evaluation, and a written year-end evaluation aligned with the school calendar.
12. Each evaluation of probationary teachers rated 'Developing' (formerly 'Minimally Effective') or 'Needing Support' (formerly 'Ineffective') shall be preceded by a minimum of two (2) classroom observations. Each semester, there will be a minimum of one (1) formal and one (1) informal, or walkthrough observation. The formal observation shall be scheduled at a mutually agreed upon time, and be a minimum of thirty (30) minutes.

13. The administrator shall hold a conference with each teacher prior to the submission of the written evaluation to the Superintendent. The teacher is to receive a copy of the evaluation prior to the submission to the Superintendent, which is to occur prior to the end of the teacher work year. A teacher who disagrees with an evaluation or recommendation may submit a written response which shall be attached to the file copy of the evaluation or recommendation in question.
14. Both parties recognize that teachers may engage in legitimate Association activities, which shall not be considered in any evaluation.
15. The district's determinations regarding the achievement of specific goals of the IDP shall be subject to the grievance procedure up to and including arbitration.
16. The parties acknowledge and agree that this provision is consistent with the rights provided probationary teachers under the Tenure Act, and is drafted in conformity thereto. The rights and remedies provided by this Article are in addition, and supplemental to the rights and remedies provided by the Act.

SECTION 2.4: TEACHER QUALIFICATIONS

1. Once hired, it is the responsibility of the teacher to see that he/she continues to be properly certified and meets all qualifications of his/her position. The state code governing certification shall govern. It is the responsibility of the teacher to provide the Board with an original of his/her certificate properly executed including all valid endorsements. Determinations of certification and qualifications shall be based upon the documentation on file with the Board at the time the decision is made.
 - a. Prior to June 1 of each school year, the Employer will post a list of, and notify employees whose credentials must be renewed or are otherwise expiring within the next year. The list shall be provided to the Association president or his/her designee.

SECTION 2.5: SUBJECT AREA DEPARTMENT AND GRADE LEVEL CHAIRPERSONS

1. The Subject Area (Math, ELA, Science, Social Studies) Department Chairperson (Middle School and High School) or Grade Level Chairperson (K-5 District-wide) performs a wide variety of instructional support services to facilitate the efficient use of professional development and professional learning community time. ARTICLE VI: OTHER

SECTION 6.1: SPECIAL EDUCATION

1. Directional Statement: While the parties acknowledge the policy of Least Restrictive Environment (LRE) is legally mandated, they also recognize the extent to which any student eligible for special education services should participate in regular education programs and services must be appropriate to that student's unique needs determined by an Individual Educational Planning Committee (IEPC) on an individual basis.

Further, the parties recognize that whether any special education eligible student's participation in regular education programming can be achieved satisfactorily will depend upon several factors including, most notably, proper planning and coordination of the student's regular and special education programming, appropriate supportive assistance to regular education personnel (e.g., training regarding the teaching/training of the special education eligible student in the regular education classroom, access to consultative special education personnel and provisions for support personnel) and the reasonableness of the demands placed upon regular education classroom personnel (and the other students in those regular education classrooms).

2. IEPC Participation: At least one bargaining unit member who will be providing instructional or other services to a special education eligible student in a regular education classroom setting shall be invited, in writing, to participate in the Individual Educational Planning Committee (IEPC) which may initially place (or continue the placement of) the student in a regular education classroom. If the IEPC meeting is held during school hours, a substitute shall be provided for any teacher so involved.
3. If any bargaining unit member, in writing, advises the superintendent of a reasonable basis to believe that a special education eligible student's current Individual Educational Planning Committee (IEPC) report is not meeting the student's unique needs as required by law, the superintendent shall review the matter and advise the teacher of its determination.
4. IEPC Training/Information: Before any bargaining unit member shall be directed to participate in an Individual Educational Planning Committee (IEPC) meeting, the member shall be provided with specific information regarding:
 - a. The Multi-disciplinary Evaluation Team (MET) and Individual Educational Planning Committee (IEPC) processes and the role and responsibilities of the member and other participants in the IEPC.
 - b. The special education program and related service options which might address the individual needs of the special education eligible student.

5. Support for Regular Educational Personnel: The parties recognize the extent to which a special education eligible student can participate in regular education programs and services and whether such participation can be achieved satisfactorily will depend in large part upon implementation of the IEP and upon the training and other support provided the regular education personnel responsible for instructing the student.
6. Accountability/Liability: Further, the Board shall provide and maintain liability insurance on behalf of each bargaining unit member who is expected or required to implement the Least Restrictive Environment mandate in the course of his/her employment including extracurricular activities. Insurance coverage shall include malpractice protection in an amount not less than currently set forth in the District's insurance policies or one million dollars, whichever is greater.

The Board agrees to indemnify bargaining unit members against any damages, fines, legal fees or other costs that may result as a consequence of implementing the Least Restrictive Environment mandate not covered by the insurance required above, so long as the bargaining unit member was acting within the course of their employment and within the scope of their authority.

No retaliation: No bargaining unit member will be retaliated against, due in any way to the bargaining unit member having: (1) filed a complaint under Part 8 of the Michigan Special Education Rules or with the Office of Civil Rights (OCR), U.S. Department of Education; or (2) asserted his/her rights or those of a special education eligible student with respect to the provision of the Least Restrictive Environment mandate as provided for in this Article or by law.

7. Medically Fragile Students: No bargaining unit member, except a school nurse, shall be required to provide school health services except in an emergency situation. When a general education classroom teacher is assigned a student from a special education program for severely impaired students (POHI, SXI, SMI, TMI), the teacher shall not be expected to perform routine, scheduled maintenance of a medical appliance or apparatus used by the student to sustain his/her bodily functions nor render routine, scheduled care or maintenance of exceptional bodily functions related to the student's impaired condition.
